

Multidisciplinary and Interactive Approach to Mitral Disease

May 29th 2018 08:30-18:30
at Sheba Medical Centre – Ramat Gan, ISRAEL

RSVP: ada.cortegiani@livanova.com

FACULTY

P. Perier, MD – *Bad Neustadt, Germany*

H. Schaff, MD – *Mayo Clinic, USA*

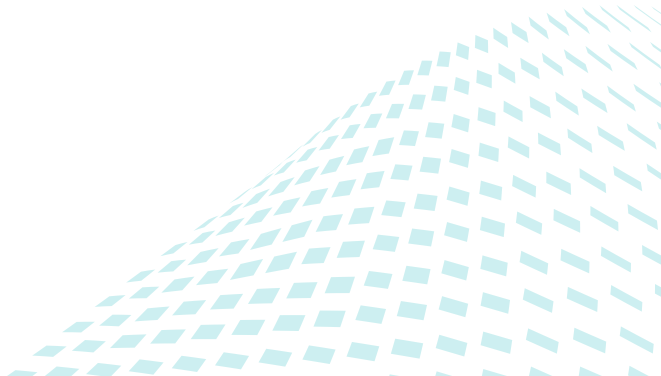

R. Rosenhek, MD – *Medical University of Vienna, Austria*

E. Raanani, MD – *Sheba, Israel*

L. Sternik, MD – *Sheba, Israel*

O. Vaturi, MD – *Sheba, Israel*

S. Ben-Zikri, MD – *Sheba, Israel*

Multidisciplinary and Interactive Approach to Mitral Disease
MORNING SESSION 8:30–13:10

Sheba Medical Centre Heart Center Auditorium Level 1

Chairmen: **L. Sternik, MD** – *Sheba Israel*

8:30–8:40 **Welcome and introduction**

L. Sternik, E. Raanani

8:40–8:45 **Morning cases presentation**

L. Sternik

8:45–9:05 **Aetiology and epidemiology of mitral valve disease**

R. Rosenhek

9:05–9:25 **Surgical anatomy of the mitral valve**

O. Vaturi

9:25–9:45 **The role of Echocardiographic analysis pre-op, intra-op, post-op**

S. Ben-Zikri

9:45–10:05 **Indications for mitral valve surgery: the evolution of the guidelines**

R. Rosenhek

10:05–10:25 **Importance of Ventricular Volume in Valvular Regurgitation**

H. Schaff

10:25–10:50 **Coffee Break**

10:50–12:10 **First case – LIVE from OR**

12:10–12:30 **Mitral Regurgitation in the Context of Multiple Heart Valve Disease**

R. Rosenhek

12:30–12:50 **Ring only for Barlow disease**

E. Raanani

12:50–13:10 **What affects outcome of mitral valve repair for degenerative disease**

R. Rosenhek

13:10–14:10 **Lunch**

Multidisciplinary and Interactive Approach to Mitral Disease

AFTERNOON SESSION 14:10–18:30

Sheba Medical Centre Heart Center Auditorium Level 1

Chairmen: **E. Raanani, MD** – Sheba Israel

14:10–14:30 **Access to the mitral valve:**
Sternotomy – Right Thoracotomy – Right Mini Thoracotomy

P. Perier

a. Pro and cons

P. Perier

b. Discussion

P. Perier, E. Raanani, H. Schaff

14:30–14:50 **Annuloplasty: the choice among close, open, rigid, flexible, semirigid, 3D shaped**

L. Sternik

14:50–15:10 **My 5 surgical repair techniques to address 95% of my patient**

P. Perier

15:10–15:30 **Posterior leaflet repair:**

a. May not be so easy in all patients!

P. Perier

b. May not be so difficult in all patients!

L. Sternik

15:30–16:00 **Repair, Replace, Rethink?**

(Round table with short intro presentation of the a,b,c topics)

Panel: **P. Perier, H. Schaff, L. Sternik** | Moderator: **R. Rosenhek**

c. Functional MR

d. Bileaflet prolapse

e. Barlow disease

16:00–16:30 **Coffee Break**

16:30–18:00 **Second case – LIVE from OR**

18:00–18:20 **The role of surgical valve analysis after decades of mitral repair knowledge**

P. Perier

18:20–18:30 **Closing and adjourn**

Registrations and Secretariat:

Ada Cortegiani

ada.cortegiani@livanova.com

mobile: **+39 342 85 45 376**

Scientific Coordination:

Diego Panzeri
