

The Second Atrial Fibrillation Symposium 20th February, 2013 Leviev Heart Center, Sheba Medical Center, Israel

08:30-08:50 Registration & coffee
8:50 Welcoming message and introduction Zeev Rotstein, CEO, Sheba Medical Center

► Session I – General Updates in AF

Chairs : Michael Eldar, Sheba & Leonid Sternik, Sheba

09:00-10:00

9:00-9:15 Recent guidelines related to surgical and catheter AF ablation therapies - Michael Eldar, Sheba

9:15-9:30 Surgical Treatment for Atrial Fibrillation-The ISMICS Consensus Statement – Niv Ad, USA

9:30-9:45 Update on Ablation technologies for Catheter Ablation of AF - Gerhard Hindricks, Germany

9:45-10:00 Ablation technology – Surgical Ablation – Leonid Sternik, Sheba

► Session II - AF ablation I

Chairs : Amir Elami, Carmel & Michael Glikson, Sheba

10:00-11:30

10:00–10:30 Catheter ablation for AF (live on tape and results) a taped case of permanent AF case - Gerhard Hindricks, Germany

10:30- 11:00 Surgical ablation for AF (Live on tape and results) – Niv Ad, USA

11:00 – 11:30 Q and A round table discussion

11:30-12:00 – coffee break

► Session III - AF ablation II

Chairs : Oren LevRan, Soroka & Aharon Medina, Shaare Zedek

12:00-13:00

12:00-12:15 Lessons from the FAST trial - Comments - Gerhard Hindricks, Germany

12:15-12:30 Overview of recent EP trials in AF ablation - David Luria, Sheba

12:30-13:00 Case presentation to a panel - Avishag Farkash Laish, Barzilai

► Session IV - The LAA

Chair: Dan Aravot, Rabin Medical Center & Shimon Rosenheck, Hadassah

13:00- 14:15

13:00-13:20 The left atrial appendage – significance and management – Marc Gillinov, USA

13:20-13:40 Live on tape – percutaneous LAA closure - Michael Glikson, Sheba

13:40-14:00 Live on Tape - surgical closure of the LAA – mini-with Atricure - Marc Gillinov, USA

14:00-14:15 Towards LAA closure guidelines- Michael Glikson, Sheba

14:15-15:00 Lunch break

► Session V – Combined mitral – Maze approach

Chairs : Nachum Neshet, Ichilov & Alex Sagie, Rabin

15:00-15:50

15:00-15:20 The surgical approach to patients with mitral valve disease and atrial fibrillation - Marc Gillinov, USA

15:20-15:35 Left atrial surgical ablation for patients with MV disease and AF- Leonid Sternik, Sheba

15:35-15:50 Surgical case presentation and round table discussion- TBA

► Session IV - AF ablation – where are we heading to ?

Chairs : Dan Bitran, Shaare Tzedek & Monther Boulus, Rambam

15:50 – 17:00

Debate: Catheter Ablation vs. stand alone surgical ablation for AF

Pros Catheter - David Luria, Sheba

Cons Catheter - Marc Gillinov, USA

Hybrid procedures are going to have a major role in the treatment of AF? - Mark La Meir, Belgium

International faculty

Gerhard Hindricks, Heart Center Leipzig, Leipzig, Germany
Marc Gillinov, Cardiovascular Surgery, Cleveland Clinic, USA
Mark La Meir, University Hospital Maastricht, Brussels, Belgium

Niv Ad, Inova Heart and Vascular Institute, Virginia, USA

Organizing Committee

Michael Eldar, Director Leviev Heart Center, Sheba Medical Center

Ehud Raanani, Director, Cardiac Surgery Department, Sheba Medical Center

Michael Glikson, Director, Davidai Arrhythmia Center, Sheba Medical Center

Leonid Sternik, Head, Surgical AF Service, Department of Cardiac Surgery Department, Sheba Medical Center

David Luria, Head, AF Service, Electrophysiology & pacing Unit, Sheba Medical Center

בשל מגבלת מספר משתתפים, אנו מבקשים להירשם מראש.
