

The Integrated Treatment for Non-Paroxysmal Atrial Fibrillation – New Horizons

יום שישי, 25/9/2015, 08:30-13:00, אודיטוריום מרכז רפואי ע"ש סורסקי, בנין סמי עופר

המחלקה לניתוחי לב-חזה, מזמינה אתכם לפגוש את מיטב המומחים הבינלאומיים במפגש מרתק שבין עולם הכירורגיה לטיפול בפרפור פרזודורים

08:00 – 09:30	Registration & Visit to Partner's Exhibition	Unanswered Questions: Section 2	
08:30 – 09:00	Israel Working Group on Cardiac Pacing and Electrophysiology Meeting "Challenges in Catheter Ablation of VT" Prof. Gerhard Hindricks, Director of the Department of Electrophysiology Leipzig Un. Heart Center	11:40 – 11:55	NOACs beyond the randomized trials Prof. Doron Zahger, Soroka Medical Center
09:00 – 09:30	Mechanisms of Progression of Atrial Fibrillation: Rotors? CFAEs? Ganglionated Plexi? Or Back to the Pulmonary Veins Prof. Stanley Nattel, Director of the Paul-David Chair in Cardiovascular Electrophysiology at the Université de Montréal.	11:55 – 12:10	Why Treat Patients for 30 years with Anticoagulants when you can cure the Arrhythmia with RF Ablation? Dr. Raphael Rosso, Tel Aviv Sourasky Medical Center
09:30 – 09:35	Welcome & Opening Remarks, Dr. Yanai Ben-Gal, Head of Cardiothoracic Surgery Department, Tel Aviv Sourasky Medical Center	12:10 – 12:25	how to create the perfect "box", thoroscopic concepts in the treatment of non-paroxysmal AF Dr. Nachum Neshet, Head of the cardiac Surgical Arrhythmia Service, Tel Aviv Sourasky Center
09:35 – 10:10	<i>The Father of the Maze Procedure "My journey through the Maze"</i> Prof. James L. Cox, Division of Cardiothoracic Surgery Emeritus, Washington University School of Medicine	12:25 – 12:40	How much Atrial Fibrillation is too much? Correlation between Atrial Fibrillation Burden (Number and Duration of Events) and the Risk of Stroke. Dr. Eyal Nof, Sheba Medical Center
Expert Opinion: Section 1		Round Table Discussion:	
10:10 – 10:30	Why Should Atrial Fibrillation be Ablated by Cardiologists? (And why not) Prof. Gerhard Hindricks, Director of the Department of Electrophysiology, Leipzig University Heart Center, Germany	12:40 – 13:10	The Treatment of Atrial Fibrillation: Anticoagulation for whom? Ablation for whom and by whom? Moderator: Prof. James L. Cox, Division of Cardiothoracic Surgery Emeritus, Washington University School of Medicine Panel: Prof. Gerhard Hindricks, Director of the Department of Electrophysiology Leipzig University Heart Center Prof. Harry Crijns, Chair Department of Cardiology Cardiovascular Center and CARIM Maastricht University Medical Centre Prof. Niv Ad, Head of cardiac surgery Inova, Fairfax, VA Prof. Doron Zahger, Soroka Medical Center Dr. Nachum Neshet, Head of the cardiac Surgical Arrhythmia Service, Tel Aviv Sourasky Medical Center Dr. Raphael Rosso, Tel Aviv Sourasky Medical Center
10:30 – 10:50	Why Should Atrial Fibrillation be Ablated by Surgeons? (and why not) Prof. Niv Ad, Head of cardiac surgery Inova, Fairfax, VA		
10:50 – 11:10	Why Should Atrial Fibrillation Be Ablated by Both? ... The Hybrid Procedure Prof. Harry Crijns, Chair Department of Cardiology Cardiovascular Center and CARIM Maastricht University Medical Centre, Netherlands		
11:10 – 11:40	Brunch & Visit to Partner's Exhibition
